Uniting Church in Australia Flood Appeal

For the third year in a row Queenslanders have been shown that when it rains, it pours. Currently much of the State's prime farming and mining land is under water. Communities all over the country have been devastated and some families have lost everything.

The effects of these floods will be felt for a long time, not just in the communities that have been washed away but in the national economy as stock and crops have been destroyed and mines temporarily closed.

You can help make a difference in these communities by donating to the Uniting Church's Flood Appeal.

In association with Lifeline Community Care Queensland the Queensland Synod will use funds raised to assist flood effected communities in Queensland and around the country in the clean up efforts and with immediate resources needed to assist this. We will also provide on-going pastoral care to those communities that need our help.

You can [donate now](#) or [start your own fundraising activity](#).
